Summary/Profile

Adrey'n Lewis is a senior at Kennesaw State University and possesses excellent problem-solving skills. Having worked in retail, he understands the importance of effective communication and providing timely and exceptional service. He believes in continuously expanding his knowledge and staying up-to-date with the latest advancements in the tech industry.
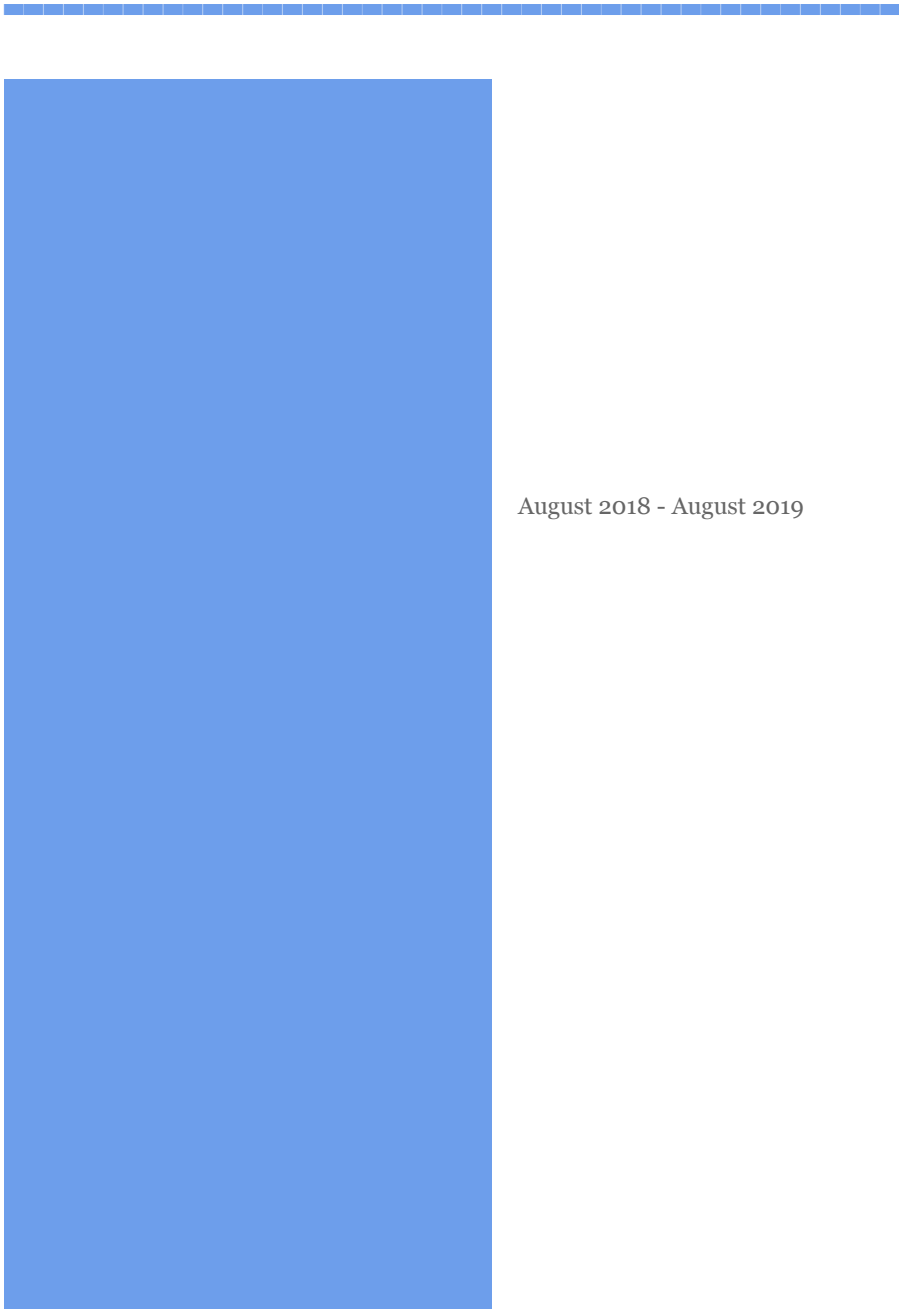

Experience

May 2022 - August 2022

Configuration Technician, eBryIT

- Successfully imaged and hashed an average of 200 laptops per shift, ensuring accurate duplication of data and maintaining integrity.
- Conducted examination of laptops to categorize those that were out of warranty, finding an average of 30% per row.
- Usage of the command prompt to run functions when peripherals have no response. Allowed for data retrieval, system diagnostics, and software installation without delays.

May 2021 - August 2021

Overnight Stocker, Walmart

- Proficiency in handling store management systems and utilizing them to optimize

inventory management.
- **Precision and attention to detail while placing items in their designated location using the ID number.**
- **Maintained a consistent and efficient pace in stocking inventory, consistently exceeding stocking times set by the management.**

August 2018 - August 2019

Team Member, NCG Cinemas

- Provided valuable assistance to the manager in warehouse inventory duties, contributing to the accurate tracking of stock levels and reducing time spent by almost 50%.
- Time management and decision making used in preparing theaters for the next showings based on the state of the theater, finishing 15-10 minutes before the next showing.
- Managed the popcorn station during large movie nights, balancing customer demand and popcorn levels.
